CONDITIONS OF SALE.

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. No corrections or refunds will be made, and no lots can be returned, unless the bidder submits his case in writing **within 30 days of the date of the sale.**

Coins and medals are sold at **so much per PIECE**, and no lot will be separated. The auctioneer will accept any bid up to 50c., then 5c up to \$2.50, when 10c. advance must be bid, up to \$10.00, when no advance under 25 cents will be accepted. If there are 5 pieces in the lot and you wish to pay \$5.00 for the entire lot, then bid \$1.00.

Auction sales are **strictly for cash.** Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description, there is but one piece in the lot.

Be sure you bid on the lot you wish to buy.

All coins, etc., are genuine unless otherwise described.

A charge of 5% will be made to cover packing and shipping, but where the parcel is bulky an additional packing charge will be made. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

Priced catalogue of this sale sent for \$1.25 cash in advance.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer. THOMAS L. ELDER.

INTRODUCTION.

Attention of Collectors is called to this specially interesting and diversified assemblage of Coins, Medals, Tokens, Paper Money, Prints, Books; Antiques, of the Babylonians, Egyptians, Greeks, Persians, Romans; Cut and Polished Gem Stones, Old Silver Plate, Etc. Etc. Most of the Antiques and Ancient Coins were collected by a Gentleman of New York, an author who has gathered only interesting examples which refer particularly to his investigations and discoveries in the symbolism, or hidden mysteries of the ancients, astrology, etc.; so that each amulet, scarab, cylinder, tablet or coin has a special significance, and attests to the importance of these mysteries to the ancient peoples of the world. The list includes a notable collection of Bactrian copper coins, possibly the best yet offered in America, Fine Chinese and oriental coins are here offered, as well as a most interesting and large group of general European coins. The American series contains some very fine pieces, with many scarce. Some interesting prints and curiosities are listed, with a few autographic letters and signatures. The collection of Cylinder seals, amulets and ushebties is large and valuable. It is hoped these offerings will attract deserved attention among collectors. It is one of my best sales.

The offerings include over 1200 lots, to be sold in two sessions.

ORDER OF SALE:

On Friday, March 9th, Lots Nos. 1 to 593 incl. will be sold.

On Saturday, March 10th, Lots Nos. 594 to end of catalogue.

A Suggestion.

Local bidders should examine the lots early and mark your catalogues with your bids, as the length of each session will not permit of an exhibit of lots during the sale. We sell at our sessions three times the lots sold at other galleries, so must knock down the lots quickly.

SMALL COLLECTION OF VARIETIES OF COINS OF SOTER MEGAS.

These coins which have never been attributed to any known monarch have been identified by Mr. Higgins as struck by the Magi of Bactria in anticipation of the Soshiosh Avatar (or incarnation of Vishnu), the Hindoo name of the Universally expected Messiah. These curious pieces bear on the obverse a figure of Apollo, crowned with the rising Sun, and holding in his hand the pole of the Ecliptic, or Sun's axis, behind the head is the monogram of earth, air, fire and water, as conventionalized by the Greeks. Inscription, in Greek "The great Savior, King of Kings." Rev. An equestrian figure holding aloft a cross, "King of Kings" in Sanskrit, also Monogram. Mr. Higgins has shown in many ways that there can be no doubt of these having been struck shortly before the advent of Jesus in honor of his expected coming. Two sizes, large and small.

THE NOTED MILLER SALE OF COINS COMING!

About April 15th I shall offer at Public Auction Sale in New York the splendid collection of Coins of Henry C. Miller, Esqr., the veteran New York collector. The features of this sale are about 450 lots of United States and Half Cents. These two classes are complete as to dates and there are many varieties and dies. The cents and half cents alone embrace over 400 lots. In Cents there are splendid examples of 1793. In 1794 Mr. Miller's set excels, being one of the most complete and finest in existence. For a single instance his Hays 29 is the perfect die variety in bright red state, hence unique in every particular. The 1795s, 1796s, 1797s, 1798s, 1799s, 1800s, etc. are splendid. The 1796 set is as complete as those of 1794 and includes some bright red, with one in proof state. All the other dates are in magnificent condition, while most of them are absolutely perfection. Mr. Miller has half a dozen varieties of 1803 uncirculated, some of them bright red. For variety and general condition, this collection ranks with the Mougey Cents—which is saying a good deal.

The Half Cents include a red proof of 1796. Each of the very rare dates is an **original**, not a restrike. Mr. Miller also collected some very choice U. S. Minor and pattern coins. Some of his quarters, dimes and half dimes are remarkably fine. He has two dimes of 1802, uncirculated and each differing from the other. His San Francisco Mint Dimes are uncirculated. His patterns include some of great rarity and interest, including a flying eagle cent of 1856 in **pure copper**.

Some other interesting Ancient, Foreign and U. S. Coins of Mr. Miller will be offered. The sale will entail two sessions.

I plan to issue a limited number of plate catalogues, showing some of the finest coins by photographic process. Plate catalogues only \$2.50, cash with your order. Plain catalogues free of charge.
